**General Grant.** Subject to the terms and conditions of this EULA, You are hereby granted a limited, royalty-free, non-exclusive right to install and use the SOFTWARE in a manner consistent with its documentation and the license purchased by You. The SOFTWARE is licensed to You as a Developer License and a Deployment License; in which case, You are licensed to use the SOFTWARE in accordance with the terms referenced below.

- a. **Developer License.** Subject to the terms and conditions of this EULA, You are granted a royalty-free license to use the SOFTWARE to develop and distribute applications for a perpetual term.

License to Develop. You are licensed to use the SOFTWARE on a Developer Seat basis, as the designated user ("Developer") for the purpose of developing Applications. There is no limit or restriction on the number of installations of the SOFTWARE, which may be on different machines; provided, however, that the SOFTWARE may not be used by anyone other than You as a single Developer. By way of example, if a company has five developers using the Software, the company needs to purchase five licenses, irrespective of how the Software is accessed or how many installations are accessed.

License to Distribute. You are licensed to distribute the SOFTWARE as an incorporated part of your Applications on a royalty-free basis. Users of your Applications are not permitted to use the SOFTWARE for development purposes, unless they also purchase a separate commercial license from GC for each of the users.

- b. **Deployment License.** Subject to the terms and conditions of this EULA, You are granted a royalty-free license to use the SOFTWARE to distribute applications for a perpetual term. GC requires that You define each hostname that your application will run on to be included in an encrypted distribution key. If you are unable or unwilling to specify each

hostname, You can pay an additional fee to obtain a key that does not require hostnames.

- c. **Source Code License.** This section applies only to a Source Code License. Subject to the terms and conditions of this EULA, if You separately acquire a Source Code License, You are licensed to use the Source Code.

You are hereby granted a license to use the Source Code solely for educational purposes and as supplementary documentation, so as to enable You to understand the operation of the SOFTWARE at a Source Code level. The Source Code is not routinely delivered with all versions of the SOFTWARE and software product types, and in such case a Source Code License must be purchased separately.

The following limitations to your Source Code License shall apply:

- i. You expressly do not have, and are not granted the right to use the Source Code to create any derivative works or to modify the SOFTWARE or its Source Code in any way.
- ii. GC shall retain all right, title and interest in and to the licensed Source Code, and all GC updates, modifications or enhancements thereof. Nothing herein shall be deemed to transfer any ownership or title rights in and to the licensed Source Code from GC to You.
- iii. THE SOURCE CODE IS PROVIDED TO YOU AS IS. GC DOES NOT AND SHALL NOT PROVIDE YOU WITH ANY TECHNICAL SUPPORT, OR ANY AUTOMATIC UPDATES OR UPGRADES FOR YOUR SOURCE CODE LICENSE.

The Serial Number is subject to the restrictions set forth in this EULA and may not be disclosed or distributed either with Your Developed Software or in any other way. The disclosure or distribution of the Serial Number constitutes a breach of this EULA, the effect of which shall be the immediate termination and revocation of all the rights granted herein.

#### IV. FEES

You agree to pay all fees required to obtain a License to use the SOFTWARE. Unless otherwise agreed in writing, You shall promptly pay all fees required for Your License.
